How to show exam result tab in front site?

To display exam results on the front page, go to Front CMS > Menus. Here, you can see the 'Add Menu' form and the Menu List, which displays the Main Menu and the Bottom Menu. Click on the '+' icon in the Main Menu to go to the 'Add Menu Item' page.

When you click on + icon, this will redirect you to the Add Menu Item page.

Here you can view Menu Item, External URL toggle button, Open in New Tab toggle button, External URL Address, Pages drop down and Save button.

In Add Menu Item, here enter Menu Item, enable External URL toggle button, keep disabled Open In New Tab button and in External URL Address enter your domain address then at the end of domain add exam result, such ashttps://yourdomain/examresult . In the Pages dropdown, don't select any dropdown, leave it as it is, and then click on the save button. The new item can be seen on Menu Item List the right side (https://yourdomain/examresult).

For Example - In Menu Item enter Exam result, enable External URL toggle button, disable Open in New Tab, enter External URL Address, Pages drop down don't select any dropdown then click on the save button.

You can now view the Exam Result tab at the Menu Item List on the right site and you can drag and drop the Exam Result tab according to your preference.

To edit the Exam Result, click on the edit icon present on the right side. Here you can Edit Menu Item.

To delete the Exam Result tab, click the Delete icon on the right, Confirmation model will be open. Now click on OK button, Exam Result will be deleted successfully.

You can view the exam result tab that has been generated successfully at the front site of your Smarter School.

When you visit Smart School's front page, when you click over the exam result module you will notice the message as "Exam Result module is Disabled Please Contact To Administrator".

Go to System Settings> General Setting> Miscellaneous, here you can see Exam Result In Front Site is Disabled.

Now click on the enabled button, then click on the Save button.

When you Enabled the "Exam Result Page In Front Site," you can view Exam Result on your Smart School's front site. In this module you can see admission number tab and exam drop down available.

Students can obtain their results without logging into their student panel account by visiting the Smart School front page and entering their Admission number, selecting the Exam, and clicking on the Search button so that result will be display in below.
